FALL LEAF PICKUP

- Leaf pickup is from mid October—mid November (or longer, weather permitting). The Village vacuums leaves left next to the curb.

Do not rake leaves into the gutter. Separate twigs, branches, or yard waste.

JUNK ORDINANCE—Ordinance 41.06, 45.06 & 48.03

- The Village has a Junk Ordinance. Unightly property such as unregistered vehicles, tires, auto & machinery parts, appliances, wood, cement blocks, excessive garbage, etc., could be a violation of this ordinance. Unightly properties depreciate property values within the neighborhood. Complaint forms are available at the Village Hall.

METAL DISPOSAL

- Public Works picks up metal (washers, dryers, stoves, metal grills, etc) on Friday mornings. Call the Village Hall at 920-822-5182 to get on the list for Friday pickup. Have items out by 7:00 AM. **DO NOT** drop metal items off at the Compost site.

ELECTRONIC RECYCLING

- The Village will pickup the following items from the curb on Fridays (for a disposal fee)
 - **\$25.00** Televisions, complete computer systems, single towers and monitors
 - **\$5.00** Fax machines, printers, keyboards, mouse, DVD/VCR players, phones & microwaves
- Stickers can be purchased at the Village Hall during business hours to get your address put on the list for pickup. If you are not on the pickup list, your items may not be picked up.

SIDEWALK MAINTENANCE / SNOW REMOVAL—Ordinance 16.12(a)

- Property owners must keep their sidewalks free of snow & ice within 24 hours after snow and/or ice has accumulated. Owners failing to do so may be subject to removal by the Village. Removal is \$100/lot and \$50/hour (minimum charge of \$150.00). *Unpaid snow removal bills are put on the property owner's year-end tax bill.*
- **Ordinance 16.12(d)** - Snow MUST NOT be blown or plowed from driveways or sidewalks into the streets. When removing snow from driveways and sidewalks, place snow on the grassy area to keep snowbanks lower for better visibility and safety.

GARBAGE & RECYCLING

Harter's Fox Valley Disposal Services provides garbage and recycling pickup for the Village (residential waste only). If you need commercial or industrial service, such as 2, 4, 6 or 8 yard containers you will need to make your own arrangements.

- **Garbage Collection**—every Monday, except if a holiday falls on Monday. Put your garbage in the garbage container provided by Harter's Disposal.
- **Recycling collection**—every other Monday, except when a holiday falls on a Monday. Recycling is "co-mingled" (paper, cardboard, glass, tin/steel, cans, aluminum, and ALL plastic can be put in the blue recycling container provided by the Village). Rinse containers to remove all debris. Flatten boxes and cut large pieces of cardboard down to 3'x3'.
- Garbage and recycling carts need to be out by **6:00 AM** at the end of the driveway, by the curb, or on a shoveled-out area during snow season (not on snow banks). Do not have containers out more than 24 hours ahead of 24 hours after pickup.
- **Leave at least 4 feet of space** between the garbage and recycling containers.
- **Call Harter's Disposal Services @ 1-888-804-8556** if you experience problems with garbage or recycling pickup.

- To help protect your home or business from a sewer backup, there are a couple of things you can do:
 - Make sure the lateral drain system on your property is clear & free of any obstructions
 - **Purchase 'sewer and water backup' coverage** on your homeowner's and/or business insurance policy. This usually covers the cost of property damage and cleanup.

APPLIANCES WITH REFRIGERANTS

- The Village will not pick up appliances with refrigerants in them (air conditioners, freezers, refrigerators, dehumidifiers, etc.) Residents can contact Harter's Disposal Services (1-888-804-8556), or make arrangements with an independent contractor.

LARGE ITEM PICKUP

- Contact Harter's Disposal Services (1-888-804-8556) to make arrangements for items that are too large to fit into garbage containers, and for payment. Pickup is every other week (see enclosed calendar).

FLUSHING FIRE HYDRANTS

- The Water and Sewer Departments flush fire hydrants twice per year. This generally occurs in April and in October. You may experience discoloration in your water

SUMP PUMPS—*Ordinance 27.05*

- Sump pumps CANNOT be discharged onto village streets at any time. Discharging onto the streets can cause potential hazards (ice buildup in winter & "green slime" in summer). If you are currently discharging your sump pump into the street, this is not allowed and must be stopped.

BASEMENT BACKUPS

- The Sewer & Water Department regularly inspect and clean all sewer and water lines to maintain proper system functioning (and free of obstructions). This is performed at least once per year. On occasion, issues are encountered involving a sewer obstruction, resulting in a sewer backup, which can also damage and/or plug laterals, lift stations, etc. Most often, the situation is due to a foreign object from a household or business. While the Village cannot be held liable for every situation, we will do our best to remedy the situation. Wisconsin statute protects our municipality as long as regular maintenance and repairs are exercised.

CURFEW HOURS—*Village Ordinance 44.07*

- **Nighttime Curfew Hours:** Applies between **11:00 PM—6:00 AM** the following day, every day of the week, for those under age eighteen (18) unless accompanied by parent or guardian.
- **Daytime Curfew:** By law children are required to attend school and should not be anywhere within the Village, except attending school or at the child's residence during required school hours. *Exceptions:* written proof from school authorities stating the child is excused, or if the student is accompanied by a parent, legal guardian, responsible adult selected by the parent or legal guardian to supervise the child who is required to attend school.

- Dogs over 5 months of age are **REQUIRED** to have a dog license. Dog licenses need to be purchased EVERY year. Please contact the Village if you know of any dog that is not licensed.
